Instrucciones de montaje modelo Júpiter

Júpiter model assembly instructions

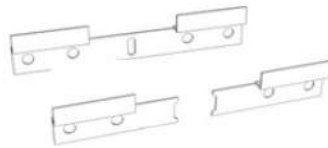

Preparar la zona de montaje, las herramientas y las piezas del mueble.

Agrupar y contar el herraje.

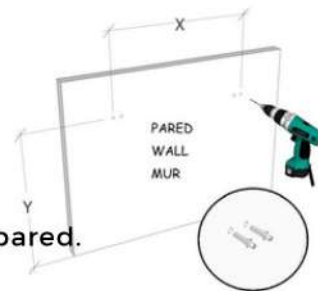

Realizar el montaje sobre una moqueta o similar para evitar rayar el mueble.

IMPORTANTE: El herraje incluido NO ES VALIDO para pared de pladur.

1. Partir los colgadores

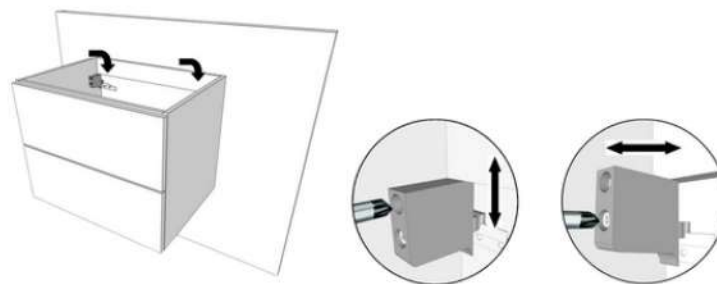

2. Taladrar en la pared y colocar los tacos

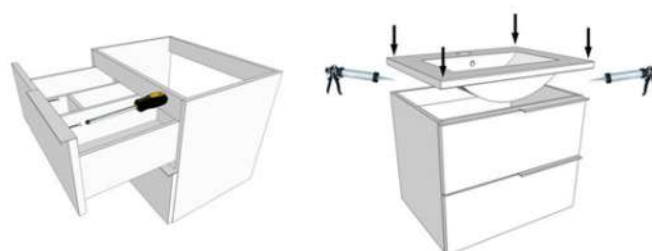

3. Usar los tornillos (C) para unir las placas (D) a la pared.

4. Agarrar el modulo encarando las pacas (D) con los colgadores del modulo. Después, regular el modulo si es necesario.

5. Poner silicona y colocar el lavabo.

Instrucciones de montaje modelo Júpiter

Júpiter model assembly instructions

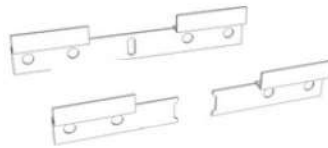

Prepare the assembly area, tools, and furniture parts.

Group and count the hardware.

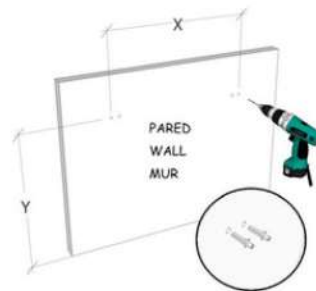

Assemble on a carpet or similar surface to avoid scratching the furniture..

IMPORTANT: The included hardware is NOT SUITABLE for plasterboard walls

1. Break the hangers.

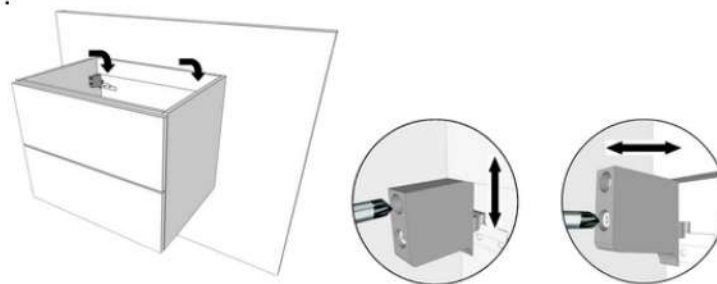

2. Drill into the wall and insert the plugs.

3. Use screws (C) to attach plates (D) to the wall.

4. Hang the module by aligning the plates (D) with the module's hangers. Then, adjust the module if necessary.

5. Apply silicone and place the sink.
